Project: REACHING THE FURTHEST BEHIND IN DA BAC AND LAC SON DISTRICTS - HOA BINH PROVINCE

Objective

The furthest behind ethnic minorities are empowered to improve their access to basic services and livelihoods to reduce their vulnerabilities in Da Bac and Lac Son districts, Hoa Binh province.

Outcome 1

The targeted communities lead the micro infrastructure construction, operation, and maintenance.

Outcome 2

Communities have increased resilience to natural disasters and climate change.

Outcome 3

The furthest behind women groups, especially poor ethnic minority women, those with disabilities and vulnerable to climate change and disasters, are economically empowered.

Outcome 4

The implementation of NTP-SEDEMA in 2021-2030 and relevant policies targeting ethnic minorities is improved.

Donor

The Embassy of Ireland in Vietnam
